

# CRITICAL CLASH

## The mineral sands projects across Victoria's wheatbelt

### ASTRON CORPORATION LIMITED

**Project:** Donald Rare Earth & Mineral Sands Project

**Projected lifespan:** 41 years

**Expected production:** About 250,000 tonnes HMC, 8000 tonnes of REEC for the first five years. Lifespan production undisclosed.

**Size:** 2778.54ha

**Status:** Under review

### WIM RESOURCE

**Project:** Avonbank Project

**Projected lifespan:** 36 years

**Expected production:** 12.75million tonnes HMC

**Size:** 3546ha

**Status:** Under review

### ILUKA PTY LTD

**Project:** Wimmera

**Projected lifespan:** 25 years

**Expected production:** 4.8million tonnes HMC

**Size:** 2600ha

**Status:** Under preparation

Locations are approximate.  
HMC = heavy minerals concentrate  
REEC = rare earth concentrate

### VHM

**Project:** Goschen Project

**Projected lifespan:** 20-25 years

**Expected production:** 10-27.5million tonnes per annum

**Size:** 1534ha

**Status:** Under review

### ACDC METALS

**Project:** Goschen Central Project

**Status:** Exploration

### FALCON METALS

**Project:** Farrelly Mineral Sands Project

**Status:** Exploration

### ACDC METALS

**Project:** Watchem Project

**Status:** Exploration

### ACDC METALS

**Project:** Douglas Project

**Status:** Exploration
